TRAINING INSTITUTE

STUDENT HANDBOOK • SAMPLE DOCUMENT FOR RAG PRACTICE

1. General Information

Welcome to Training Institute. This handbook provides sample information about courses, admission, fees, class schedules, examinations, certificates, and student policies. This document is fictional and is intended for software development and RAG testing practice.

2. Course Details

Field	Python Programming
Course duration	3 months
Course fee	5,000 BDT
Class days	Sunday, Tuesday, Thursday
Class time	10:00 AM – 12:00 PM
Course mode	In-person classroom training

3. Admission Requirements

Applicants should have basic computer knowledge. Students must provide their full name, a valid contact number, and the information requested by the admission office. Admission is confirmed after the institute verifies the application and receives the required payment.

4. Class Schedule and Attendance

Classes are held on Sunday, Tuesday, and Thursday from 10:00 AM to 12:00 PM. Students should arrive at least 10 minutes before class. If a student cannot attend, they should inform the course coordinator in advance.

5. Examination Rules

Students must complete the final examination to meet the course completion requirement. Students should follow the instructions of the examination supervisor and must not use unauthorized materials during an examination.

6. Certificate Policy

A student may receive a course completion certificate after completing the required course activities and passing the final examination. The institute will verify the student's records before issuing the certificate.

7. Refund Policy

Course fees are non-refundable after admission is confirmed. Applicants should review the course details and fee information before completing their admission.

8. Frequently Asked Questions

Question	Answer
What is the Python course fee?	The course fee is 5,000 BDT.
